

Presented by Rob Eastaway (a Mathematician)  
& Rebecca MacMillan (a Shakespeare improviser)

For the benefit of TEENAGERS AGED 14 TO 15  
(& the general interest of all SIXTH FORMERS)

A NEW and INTERACTIVE TALK that will combine the two  
unavoidable topics at school: SHAKESPEARE and MATHS.

Find out how Tudors multiplied, why Shakespeare never ended a line with the word orange, why King Lear was every inch a king, and how to win at the 16<sup>th</sup> century version of noughts and crosses. With historical asides about astronomy, magic, optics and music thrown in, you might never think about maths or Shakespeare the same way again.

To be held at CRUCIBLE STUDIO THEATRE, SHEFFIELD S1 1DA  
on 22<sup>nd</sup> JUNE 2023  
at 10.15 to 12.15 or 1.15 to 3.15 o'clock  
Tickets £7.50+VAT, teachers FREE
